

# Let's do this Together

Address climate change by reducing carbon emissions with Santa Barbara Clean Energy.

The choice is YOURS! For the first time, you can choose where your electricity comes from.

**100% Green = no greenhouse gas emissions**

100% carbon-free energy for about \$5 more/month. Most customers will be automatically enrolled in 100% Green.

**At least 50% green energy for the same price as Edison**

Customers with financial assistance or those not wanting to change their billing rates can choose Green Start and still have more sustainable energy than Edison's standard service.

**Looking for the next level?**

Resilient is for anyone with solar panels on their home. Net Metering customers are enrolled in Resilient, and we pay you more for clean energy!

Join us for an overview meeting  
Sept. 23rd @ 5:00 pm

We make it easy  
to go green!

*Santa Barbara*  
**CLEAN ENERGY**  
CHOOSING RENEWABLE ELECTRICITY

In October 2021, Santa Barbara Clean Energy (SBCE) will replace Southern California Edison (SCE) as your default provider for the energy portion of your electric service. SCE will continue to deliver power to your home or business, maintain the grid and all equipment, open and close accounts, provide billing and collection of payments, and provide customer service and field service (including during power outages). There will be no change to automatic payments or level rate pay plans.

*If you would like to continue as an SCE customer for energy and do not want to be automatically enrolled with SBCE, you must opt out of the automatic enrollment. You only need to take action if you want to opt out and remain an SCE customer. To opt out, without penalty, you must call (805) 897-1979 or visit our website at [www.SBCleanEnergy.com](http://www.SBCleanEnergy.com). You may also call or visit our website for additional information.*

Si le gustaría recibir este aviso en español, visite [www.SBCleanEnergy.com](http://www.SBCleanEnergy.com) o llame (805) 897-1979.

**ENROLLMENT:** Effective October 2021, SBCE will become the default electric power provider within the City of Santa Barbara. You will be automatically enrolled in SBCE's default program on that date.

**OPT OUT:** You have the right to opt out of SBCE. If you decide to opt back in to SCE after the 60-day opt out period, SCE will charge a one-time account processing fee. By opting out, you will also be subject to SCE's then current rates, terms and conditions of service. For details on SCE's rates, terms and conditions, please visit [sce.com](http://sce.com). You will not be charged any fees if you opt out within the first 60 days after your automatic enrollment with SBCE or if you cancel electric service altogether (for example, if you move). If you opt out, you will still be charged for all electricity you used before the transfer of electric service. Accounts will be transferred on the day the electric meter is read and cannot be transferred during the middle of a billing cycle. In order for your request to be processed on your next meter read date, your request must be received at least 5 business days prior to the date on which the meter is read. To opt out, please call SBCE or visit [www.SBCleanEnergy.com](http://www.SBCleanEnergy.com). Have your electric bill handy so that we can process the request.

**BILLING:** Each month, SBCE customers receive a single monthly bill from SCE. This bill includes all recent electric charges, including SBCE's power generation charges. For your convenience, SCE forwards the power generation portion of the bill to SBCE. SCE will continue to charge you for the Transmission and Delivery services they provide. **FAILURE TO PAY:** SBCE may transfer your account to SCE upon 14 calendar days' written notice to you if you fail to pay any portion of the SBCE charges on your bill. If your service is transferred, you may be subject to additional requirements by SCE. **CARE PROGRAM:** If you are currently enrolled in the California Alternative Rates for Energy (CARE) program, you will continue to receive all CARE benefits and discounts upon enrollment in SBCE. **TERMS AND CONDITIONS OF SERVICE:** SBCE electric generation rates are very competitive. Available rates can be reviewed at [www.SBCleanEnergy.com](http://www.SBCleanEnergy.com) or by calling (805) 897-1979. Any changes to SBCE rates will be adopted at duly noticed public meetings of the Santa Barbara City Council.

SCE also charges SBCE customers authorized fees for delivering power to your home or business and for providing other services. These components of your electric bill are the same whether you buy electricity from SBCE or SCE.
