

Leadbetter Quick Wins:

Immediate safety & flooding fixes

1 Restripe first row of parking to a walking & biking path

2 Deployable flood proofing

3 Low wall next to new path

4 Convert unused area to parking

Leadbetter Core Measures:

Keep sandy beach by moving things back

- 1 Keep a sandy beach and park by moving parks & facilities inland

- 2 Move inland & raise path to provide flooding backstop

- 3 Relocate parking to new parking garages at existing surface lot

- 4 Improve stormwater drainage

- 5 Relocate when replacement facilities are available or when flood/erosion risk reach set limits

Leadbetter Core Measures:

Keep sandy beach by moving things back

- 1 Keep a sandy beach and park by moving parks & facilities inland

- 2 Move inland & raise path to provide flooding backstop

- 3 Relocate parking to new parking garages at existing surface lot

- 4 Improve stormwater drainage

Leadbetter Future Options:

Larger projects for a wider beach & more protection

1 Keep sandy beach for longer by moving paths, parks, and facilities further inland

2 Raise path higher to provide bigger flooding backstop

3 Add headland at Harbor breakwater (not shown) with nourishment to widen beach

Harbor Quick Wins:

Immediate safety & flooding fixes

1 Drainage Improvements

2 Deployable Floodproofing

3 Restripe first row of parking to a walking & biking path

Harbor Core Measures:

Flood protection, prioritize public access & boating

1
Pedestrian promenade on raised revetment for flood protection & access

2
Protect & improve Harbor Commercial area for better public access & boating

3
Walking & biking paths for better access

4
Explore converting some parking for economic development

Harbor Future Options: *Further protection*

1 Raise all paths and edges

2 Headland with beach nourishment to widen beach

3 Wave screen & Sand Trap

West Beach Core Measures:

Premier sandy beach experience

1 Relocate storm drain

2 Restrooms, showers, café, beach concessions

3 Raised walking and bike path with adjacent park

East Beach Core Measures: *Preserve sandy beach for as long as possible & protect critical infrastructure*

- 1 Keep sandy beach and park for as long as possible by moving parks & facilities inland

- 2 Move inland & raise walking / biking path to provide flooding backstop & protect Cabrillo Pavillion

Future Shoreline 1.6' ~ 2065

East Beach Future Options: *Additional, larger projects for wider beach and increased protection*

1 Improve per future Laguna Flood Resilience Project

2 Potential site for additional parking

3 Raise path higher to provide bigger flooding backstop

Future Shoreline 2.5' ~ 2075 with nourishment

4
